Logo Usage Rules

Follow these guidelines to ensure consistent and respectful use of the Click2Send brand.

Do

- ✓ Use the full-colour logo on light backgrounds as the default
- ✓ Use the reversed logo (white) on dark or busy backgrounds
- ✓ Maintain clear space around the logo (minimum equal to the height of the "2")
- ✓ Use SVG format for digital and PDF for print
- ✓ Scale proportionally - never stretch or distort
- ✓ Use the mono version when colour printing is unavailable

Don't

- ✗ Alter the logo colours outside approved palette
- ✗ Add drop shadows, outlines, or effects to the logo
- ✗ Place the logo on busy or low-contrast backgrounds
- ✗ Rotate, skew, or reposition elements of the logo
- ✗ Use the logo smaller than 100px wide on screen
- ✗ Re-create or modify the "2" character

Brand Voice

How we communicate across all channels.

Professional

We speak with authority on logistics. Our language is clear, precise, and knowledgeable without being overly technical.

Approachable

We make complex shipping simple. Our tone is warm, helpful, and encouraging - never condescending.

Efficient

We respect our users' time. Messaging is concise, action-oriented, and gets straight to the point.

Global

We serve an international audience. Language is inclusive, culturally sensitive, and avoids regional idioms.
